

Made around you

Tailor-made safaris across Kenya and East Africa, planned by people who grew up beside the wildlife.

Why travel *with Zavira*

Our purpose is to share the soul of Kenya through journeys as authentic as they are extraordinary, led by people who grew up beside the wildlife.

Born in the Mara

Our team grew up beside the wildlife you come to see.

Led by our own team

Every Kenya safari is led by a Zavira guide.

One point of contact

One person plans your trip and answers your questions.

Tailor-made, never a fixed menu

Your dates, your pace, your camps.

One clear price

Your quote lists exactly what is and is not included.

Three simple *steps*

1. Consult

Tell us where, when and who is travelling. We reply by email or WhatsApp.

2. Curate

We design your private itinerary with camps and guides we know well, and one clear all-inclusive price.

3. Confirm

You approve it, we book everything, and we meet you in Kenya ready for your first game drive.

Journeys to *start from*

Every journey is tailor-made. These show the nights, the place and the price to begin with, then we shape the rest around you.

4 NIGHTS · MAASAI MARA

The Royal Mara Escape

Luxury suite accommodation, a private butler, bush breakfasts, and sundowners over the plains — Zavira's most refined immersion into the Mara. From $3,800 per person sharing.

3 NIGHTS · MARA NORTH CONSERVANCY

The Hidden Mara

A small, remote bush camp off the tourist routes, with guided safari walks and a valley shared with more wildlife than vehicles. From $2,400 per person sharing.

3 NIGHTS · LAIKIPIA

Laikipia Wilderness

Kayaking, camel rides, night drives, and bloodhound anti-poaching demonstrations at a working conservancy camp in Kenya's northern ranchlands. From $2,150 per person sharing.

Prices are a starting point and change with dates and camps. International flights are not included.

What your stay *does*

Protects families' cattle

Strong fencing keeps herds safe and families secure.

Keeps land open for wildlife

Where it suits the journey, we stay in community-owned conservancies. Their fees pay landowners to keep the land wild.

Brings clean water

We support community water around the Maasai Mara, where one working tap changes a whole family's day.
